

Puppy Pre-School Sign-up Sheet

Puppy pre-school classes are open to IVS clients only. This way we can assure you that only healthy puppies, that have passed a veterinary health exam, will be in the class. The classes are open to any puppies old enough to have completed two rounds of vaccines, and have been determined to be in good health by one of the veterinarians on staff at IVS. Puppies that will be 16 weeks old on or before the first class meeting are still eligible to participate in puppy pre-school. Any puppies being treated for internal parasites, cough, or other illness are not eligible to participate.
